Dear Mr Banks, Programme Officer, TDC Local Plan,

INSPECTOR LED CONSULTATION – TED28 PLAYING PITCHES, WARLINGHAM

Warlingham Parish Council has considered Tandridge District Council's document reference TED28 (Playing Pitches Re-Provision in Warlingham – December 2019). Overall, the Parish Council welcomes the clarifications and comments with respect to potential location options.

However, the Parish Council would like to see the removal of South Godstone Garden Community as a 'fall-back' location for displaced pitches. Therefore, paragraph two of item 3.1 of TED28 (which could be numbered 3.2. for ease of reference) should read in its entirety:

“Therefore, the Council's view is that there is a clear prospect of local replacement. In the hearing discussion it was being suggested by some objectors of the Plan that the Garden Community was the only realistic replacement option. This is not the case.”

If 3.1 (3.2) were to remain unchanged, there would be no guarantee of replacement pitches within Warlingham which could lead to the health and well-being of the people of Warlingham being harmed.

Yours sincerely

Simon Bold, Clerk
For and on behalf of Warlingham Parish Council
